

MISSION ZOMBIE MODE

DEADPOOL, SOON WOLVERINE

SPECIAL SETUP

MEDIUM / 4-6 ZOMBIE HEROES

This Mission requires the rules and components found in

- Marvel Zombies
- MZ X-Men Resistance
- MZ Fantastic 4: Under Siege

Designed by: **LibraSeth**

X-Force can kiss this red-spandex pound mound. We're Z-Force now! Now that they're dead, maybe I can get some top tier mutants on the team. It might be the rigor mortis setting in, but the thought of getting Wolverine on the team is making me stiff! But if I'm going to infect Mr. Cowl Scowl, I'm going to need to gear up, strap on, and pray that the Marvel gods allow at least one F-bomb.

Tiles needed: **13R, 14R, 15R, 16V, 17V, 18V**

16V	17V	18V
13R	14R	15R

OBJECTIVES

Accomplish these objectives in this order:

- 1. Unnecessary plot.** Take all objectives and eliminate Human Torch.
- 2. The main attraction.** Eliminate Wolverine.

- **Extra-dead Deadpool.** Deadpool must be used in this mission.
- **Expect a cameo.** Spawn Wolverine on Tile 14R. Set aside the Blind Al bystander card and the Human Torch spawn card. Shuffle and place *Secret Mission #1* among the bystander cards on the board.
- **Maximum effort.** At the start of the game, spawn Tile 14R as if the door had just been opened.
- **I can't be expected to remember what went where or in whom.** Shuffle the Blue, Red, and Green Objectives face down and place them on the board.

SPECIAL RULES

- **Totally not cocaine.** The Zombie Hero that takes the Red Objective immediately receives the Blind Al bystander card. This is considered a successful devour.
- **Unicorn plushie.** The Zombie Hero that takes the Blue Objective gains 5XP.
- **Cable's watch.** The Zombie Hero that takes the Green Objective gains 5XP and doubles their amount of actions for that turn.
- **Captain America?!?!?** When *Secret Mission #1* is revealed, spawn Human Torch in that zone.
- **Fourth-wall break!** Do not devour Wolverine, even though Hugh looks so tasty! Heroes may ignore Wolverine when performing move actions.
