We've eaten all there is to eat. The future will not be kind to our hunger, but maybe the past will help. We've found the Time Stone but it seems to have some cruel sense of humor! It sends us further and further back in time to points with lots of heroes ready to fight us. Let's chow down and make the next time jump before we become history.

Tiles needed: **1R, 2V, 3V, 16R, 17R, 18R, 19V, 20V, 22R**
